#### Accessioning

The Security Office completed the screening of their Polygraph File, and as a result of this screening, there was 72 cubic feet of records retired to the Center.

The DD/P Area retired 356 cubic feet of material during the week and recalled 108 cubic feet on loan and 26 cubic feet on permanent retention.

#### Reference

As a direct result of having a full T/O, the Center has resumed the inventorying of Supplemental Distribution material. The material from OBI, ONE, FDD and FBID has been inventoried to date. We are presently inventorying ORR material, which is 20 per cent completed. This leaves only the material from OCR and OSI to be inventoried.

#### Disposal

The Center received a memo from OBI authorizing the destruction of 63 cubic feet of Strategic Intelligence Digest. Because of the disposal area space problem there can be no action taken until the problem is solved.

Disposal - Continued

A copy of the Logistics' Office Records Control Schedule has been received. The Records Disposal Branch is in the process of applying this schedule, but, as yet, has not made enough progress to forecast how much space will be released as a result of the application of the schedule.

The records in the disposal area are still accumulating. There is approximately 1300 cubic feet in this area and no immediate relief is in sight.
